The map shows the location of various areas and roads within the city of Houston, including major thoroughfares and freeways. The map includes annotations for streets, highways, and other important locations, providing a clear visual representation of the city's road network.

The map is titled "2016 Major Thoroughfare and Freeway Plan." It includes a list of major roadways, such as Beltway 8, Sam Houston Parkway, and others, along with their respective mileages and directions.

Additionally, the map highlights certain areas of interest, such as the General Downtown Area, North Houston Highway Improvement Project, and specific zones like the 2016 MTFP Legend.

The map is designed to provide a comprehensive view of the city's transportation infrastructure, aiding in navigation and planning for future developments.
